Creed

I believe in myself. I believe in those who work with me. I believe in my teachers. I believe in my friends. I believe in my family. I believe that God will lend me everything I need to succeed if I do my best to earn it through faithful and honest service. I believe in prayer and I will never close my eyes to sleep without praying for guidance to the end that I will be patient with other people and tolerant with those who do not believe as I do.

I believe that success is the result of intelligent effort and does not depend upon luck or sharp practices, or double-crossing friends, fellowmen, or my employer. I believe I will get out of life exactly what I put into it; therefore, I will be careful to conduct myself toward others as I would want them to act toward me. I will not slander those whom I do not like. I will not slight my work no matter what I may see others doing. I will render the best service of which I am capable because I have pledged myself to succeed in life and I know that success is always the result of conscientious and efficient effort. Finally, I will forgive those who offend me because I realize that I shall sometimes offend others and I will need their forgiveness.

Dedication

It would take more than a few words to say what this person has done for our school.

As a teacher she has shown us how to combine hard work with pleasure. Her cheerfulness in class always seems to make a dull day brighter.

She is always willing to sponsor any group or organization and to work on any school projects.

As sponsor of the Senior class, Student Government and Advisory Committee she has shown us how to believe in ourselves as well as others.

We the staff of the 1976 Indian are proud to dedicate our yearbook to:

The Spirit of '76

Make way for us; here we come.
We're the future - America's young.
Don't criticize or mock our youth;
Just like you, we search for truth.
Hypocrisies won't get us down;
We will strike where these abound.
There's much to do; we're needed here,
To help preseve what men hold dear.

We'll work with others hand-in-hand,
To try to help our fellow man.
In this land our fathers made,
We stand together unafraid.

Give us room; let us by.
The youth of America have arrived.
There's nothing wrong that we can't fix;
We're the Spirit of '76!
